# Introduction

The following report seeks to summarise and present the findings of the two day public consultation event and the online survey.

The results of the consultation event, the online survey and the combined results are all presented here to determine the difference and similarity between the results recorded face to face and via the internet.

The graphic nature of the report is designed to make the results clear and easy to read.

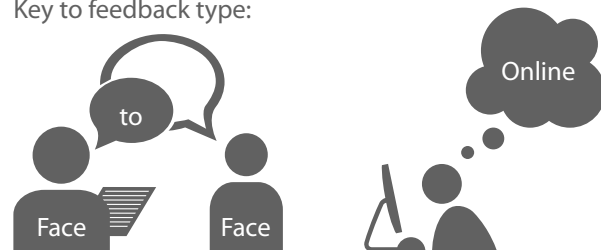

## Consultation Process

Feedback was gathered in two different ways for the project. Firstly DSDHA, Lambeth and the Stockwell Partnership conducted two public consultation events, on Wednesday the 17th and Saturday the 20th of April. Prior to the event leaflets were sent to the local community making them aware of the event and inviting them to participate. The event saw 111 members of the public; passers by and local residents, complete the New Stockwell Square feedback forms.

The second method of consultation saw the promotion of the online New Stockwell Square feedback forms within the local area. 50 members of the public then completed the forms online providing a second set of feedback.

Key to feedback type:

# A New Square For Stockwell

Have your say about the future improvements for Binfield Road

The London Borough of Lambeth are working with the Stockwell Partnership, local residents and architects DSDHA to develop design proposals for the area of Binfield Road adjacent to Stockwell Station. The ambition of this project is to develop a new dignified, safe and accessible public space that is appropriate for the thousands of people who pass through the area everyday, while acting as a catalyst for regenerating the centre of Stockwell.

**Public Consultation Event: Wednesday 17 April: 3pm - 7pm**

**Saturday 20 April: 12noon - 4pm**

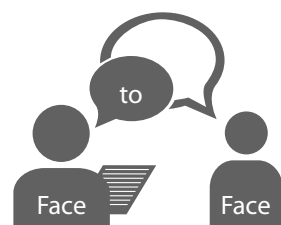

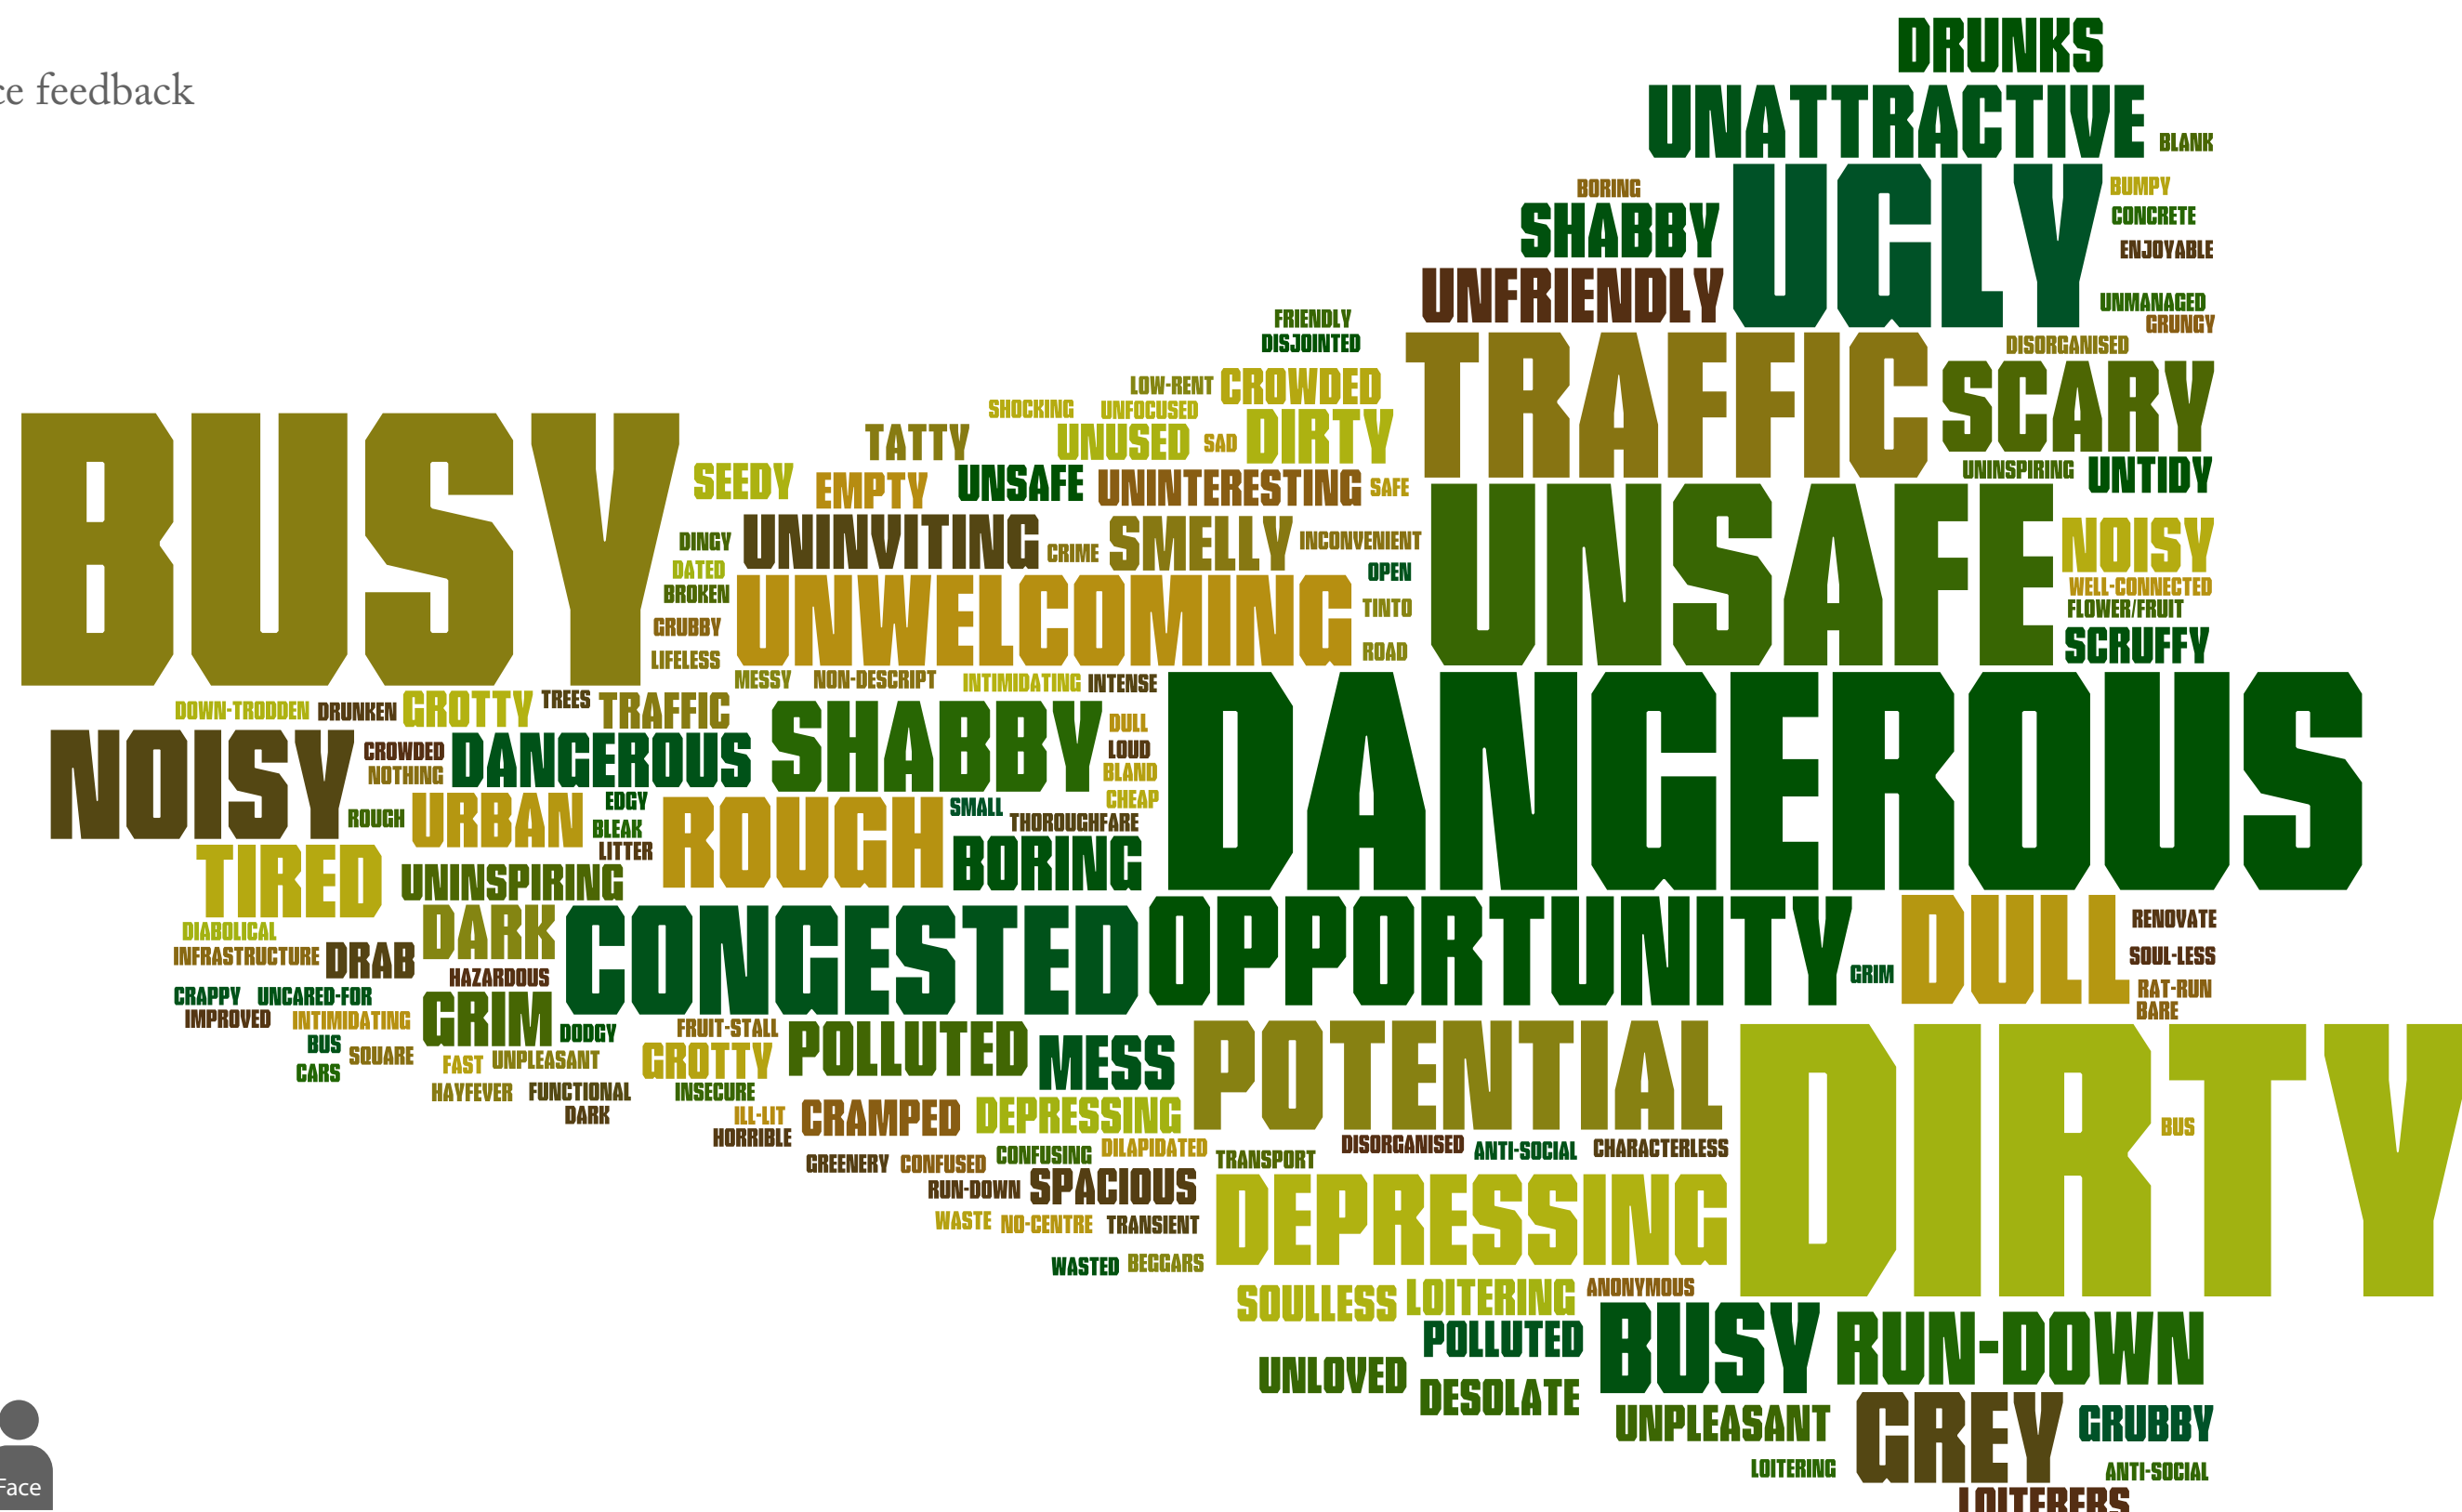

**Location: Binfield Road (adjacent to Stockwell Tube Station)**

The proposals will be on display at The Tate South Lambeth Library between the 15th and 27th April and then at The Stockwell Partnership's Office (157 South Lambeth Road) between the 29th April and 10th May. You can also view the preliminary proposals at [www.lambeth.gov.uk/stockwellsquare](http://www.lambeth.gov.uk/stockwellsquare) where you can complete an online questionnaire.

Question 01 What three words would you use to describe Binfield Road and the area around Stockwell Underground Station?

## Conclusion - Existing Condition

By combining both the face to face and online feedback the following description of Binfield Road and the area around Stockwell Underground Station highlights the unsatisfactory nature of the space and the local residents feelings about it.

## Conclusion - Things People Want

By combining both the face to face and online feedback the following things were requested for the space by the community.
