STOCKWELL PARTNERSHIP

Stockwell Partnership has been working with residents and agencies to improve the local neighbourhood since 1999. We deliver services and projects which support:

- individuals in need – through bilingual advice, advocacy and employment training
- community action – supporting people to build their skills, connect with others, and take action on issues they care about
- the local environment – improving the public realm and increasing environmental sustainability

We are a charity managed by a board of local residents, employing 5 members of staff, and working with many volunteers.

POLES IN SOUTH LONDON HERITAGE PROJECT

In 2013 Stockwell Partnership was commissioned by Lambeth Council to research the needs of the Polish community in Lambeth. The subsequent Polish Insight report – see <http://www.stockwell.org.uk/wp-content/uploads/2012/03/Polish-Insight-Project-report.pdf> - was launched at a mini-conference attended by the Polish Consul, residents, senior Lambeth officers and councillors at the Town Hall in April. This report led to our Poles Connect community development project with Lambeth residents. We have subsequently held a *Poles in South London* exhibition in the Lambeth Heritage Festival, and are building on the interest of the local community to explore and preserve the local history of the Polish diaspora.

We have now secured funding from the Heritage Fund for a two year *Poles in South London* project to work with Polish residents and project partners including Lambeth Archives and the Polish Embassy to identify, promote and preserve the local heritage of the Polish diaspora since the Second World War.

MAIN PURPOSE OF JOB

The postholder will work alongside an existing half-time Polish Project Coordinator to take job-share responsibility for the development, delivery, evaluation and reporting of the *Poles in South London* project, increasing the awareness and engagement in heritage of the Polish and wider community in our borough and preserving this heritage for future generations. The two postholders will be expected to work out how to reasonably share the project workload.

- appointing a contractor to train volunteer Heritage Ambassadors in producing oral histories

- appointing and managing a contractor to deliver 6 oral histories, working alongside the Heritage Ambassadors – and working with the Lambeth Archives to ensure the oral histories are permanently archived and accessible to all
- organising 4 exhibitions as part of Lambeth Heritage Festival
- organising 4 public events open to the whole community, themed around Polish heritage
- working with artists to develop bilingual electronic and hard copy maps / walk guidance of significant local Polish sites in South London
